

Wendy Holmes is a Senior Engineer Specialist in the E-911 division at Verizon. She began her career with Bell Atlantic in 1997 as a Business Office Consultant from 1997-2000; E-911 Network Technician from 2000-2003; Supervisor of the E-911 Maintenance Center from 2003-2013; and in current role as an E-911 Sr. Engineer from 2013 to present. Her career aspirations are to deliver optimal service, solutions and products to our customers while providing the best customer experience; build and strengthen Verizon's work culture; encourage employees to be engaged and active with volunteerism; and inspire women to pursue STEM careers. She holds a Bachelors from Rutgers University; a Masters from Fairleigh Dickinson University (FDU), a Graduate

Certificate in Law & Public Safety from FDU, a Graduate Certificate in Human Resource Administration from FDU, Lean Six Sigma Black Belt, Scrum Master and Emergency Number Professional (ENP) Certifications. She also served as a coach/mentor with Rutgers Smart Campus pilot competition 2024-2025 and looks forward to working with the next generation of innovative RU students in 2025-2026!

Fun Facts: She is married with four adult children ages 24-39. She is a Volunteerism Global Lead for Verizon's WAVE (Women's Alliance for Verizon Employees) where she hosts STEM events with Girl Scouts, Junior Achievement, and underserved public schools all year round. She also graduated from Theology & Seminary school at the age of 16 and was a hip-hop dancer in the 1980s.
