I have obtained assurance from the students who have signed the Parent/Guardian Permission forms that they will be present for the entire symposium. In the event this is not possible, I have notified the Assistant Director of the exact times and dates of the students’ attendance. The teacher who is assigned to accompany the students has been briefed on his/her responsibilities, and will recommend removal of a student from this list if he/she becomes aware that the student will not be able to attend all the sessions, or that other personal reasons may make it inappropriate for this student to participate.
